

2014 September Spotlight

Lehigh's Employee Relations Advisory Committee (ERAC) is a team of exempt and nonexempt staff members working together to help advance the interests of our colleagues around campus. We strive to create a collegial community and to advocate for staff by ensuring that the dedication, enthusiasm and professional experience of the university's staff are recognized across the university.

In response to recent staff feedback, ERAC will unveil a new website in the coming weeks that will provide more timely communication about what we're doing and how you can get involved. Until then, feel free to contact any of this year's ERAC representatives (listed below) with suggestions, concerns or questions. We value your input and look forward to working together to support a shared vision of accomplishment, pride, inclusivity and optimism at Lehigh.
