     o All the changes are from the three year roll out starting 2016, nothing anyone hasn’t heard before
     o Main Topics included:
       - Co-pay went up on all plans
       - Added the third tier to the Pharmacy Benefits
       - PPO 80 is now referred to as just PPO (20%/80%)
       - PPO 100 is now referred to as PPO Plus (10%/90%)
       - HDHP, Keystone, and PPO premiums decreased, while PPO Plus stay’s the same as last year
       - Added a Health Advocate Program: this program is available to everyone, not just employees who pay for health insurance
       - Telehealth Service Co-Pay stays the same at $10.00
       - Dental Premiums have increased
       - Open enrollment is November 6 through November 20
       - Last year was mandatory enrollment due to the new online platform. This year if you are not making any changes, you do not need to do anything. Everything will transfer from last year
       - It’s highly encouraged that you still review your options!!

6. Guest Speakers: Sara Irick, Senior Project Manager, Grant Integrative Facility Management and Brent Stringfellow, University Architect
   - Sara and Brent presented a PPT presentation regarding the Path to Prominence Transportation Planning Project, giving an overview of: Vision, Need, Roadways, Parking, PPTP Policy, including an ongoing Parking Study and Lehigh Transit Study.
   - Very few faculty use the transit, some staff use it
   - Discussion:
     o Discount to park remotely
     o 2nd bus stop between RBC and Zoellner
     o Vendors taking up spaces that are already assigned
     o Assigned Zones – if no parking in assigned zone, will there be a backup? Plan is if there are 100 spaces, only 100 spaces will be assigned
     o Packer Express – huge bus to handle. Could there be smaller buses?
     o Additional security for remote parking
Looking at number of delivery trucks on campus per day
LU does not have a central mail and delivery location, this is an ongoing discussion for Facilities Services
ABM moving in at Mountaintop – went from 20% use to over parking. Personnel vehicles are brought to work and swapped out for the trucks already parked at location
Special situations at Taylor, vendors take up spaces
- Feedback is important. Please review the PPT presentation and if you have anything to add to their brainstorming ideas, please contact either Sara or Brent with your comments.
- Take the Parking Survey that was emailed last week to the full ERAC group!
