        Awards this year. After considerable discussion amongst committee  
        members, the Executive Committee has been charged to ask Pat Johnson  
        for funding this year. Moving forward, this will be an “Action Item” to  
        start talking about first thing in the Fall.  
      - Feel what we are currently doing is reaching more staff members then just  
        the two award recipients.  
      - Suggestion was just a plaque, not the monetary gift; but there is that  
        expectation of the monetary piece.  
      - Waitz already has the plaque, just need to supply the inscription for the  
        engraving. Need 72 hours lead-time.  
      - Doesn’t need to be given out at the dinner, maybe at the Staff  
        Development Day moving forward.

       between Faculty/Staff/and Students. Question was raised if there has been a plan  
       for Staff? Response: CEC is an advisory board that comes up with  
       recommendations that are then submitted to Senior Leadership.

       campus. CEC is helping facilitate with the students. Looking to interact with a

   ii. Action item for the Fall will be to appoint a new ERAC Representative.

Side Discussion:
Regarding Parking, Liz M-C talked about the Business Managers meeting yesterday, April 10th. Mark Ironside reported at the meeting that it will be another 3-4 months for “Parking” rates etc… to be finalized. Liz will talk with Sharon Fields to see if there is any type of update and report back next month.

Several concerns regarding Parking included: value of their time depending on where they will need to park, added time will be needed not only on the front end of the day but the end of the day too. For those already traveling 60 to 90 minutes, some will need to rethink their employment. Also, it was commented that we are already receiving low raises, the increase in parking will take away what little we get, probably more.

Reduced rates for parking at Mountaintop; however, when external organizations have conferences at the Wood Dining Hall, there is already very limited parking for staff. Now with the renovation, that room will be used much more often.

Q: Do external organizations pay for parking?
A: Yes, external events need to purchase a permit.
Q: How do the employee’s pay at 3rd & New?
A: Bethlehem City owns the garage. University pays the City for spaces on the 6th floor. Currently no visitor parking is available. Anyone visiting pays the meter.
Q: Do the individuals at the WellsFargo building have space in their garage?
A: No. Traci reported that there are 30 Lehigh Staff working in the WellsFargo building. The parking lot on Brodhead and across the street from the Middle School is where they are assigned to park; however, the lot only has 25 spots for 30 people. The ones that don’t get a spot have been parking up to 5 blocks away and walking.

Peter reported that the Parking Survey actually showed a decrease in parking in two separate lots on the Asa Campus.

Mail Service: down to once a day.
Time sheets will eventually all be online.
Williams Hall is getting a bike rack.

5. Continuation of Action Items from previous meetings:
   a. Update on 2nd Phantoms Game – Friday, April 13th, 2018
      i. 40 tickets sold. Zamboni Rides were given out as an incentive.
   b. Staff Development Day – Wednesday, May 23rd, 2018
      i. Printed Save the Date went out. Original cost was $50.00; however, Mountain Hawk Printing lost the first submission and it didn’t go out when expected. Once sent out ERAC was only charged $1.00.
      ii. Getting requests for more information and to sign up.
      iii. Liz M-C spoke during the Business Managers meeting, gave an update on SDD. Chris Halladay encouraged those present to take the information back to their offices and to make sure to relay the message that this is a University training event and non-exempt staff should not be using their own time to attend.
iv. Judy Z has volunteered to reach out to specific individual’s (Dean’s, Manager’s etc.) if this becomes an issue for anyone.
